

**INDUSTRIAL
OVENS**

**HEAT
TREATMENT**

**LOW
TEMPERATURE
< 500°c**

**CONVEYOR
BELT OVENS**

GAS FIRED

ELECTRICAL

LOW TEMPERATURE Gas powered

Dryers, stoves, ovens, heated cabinet
Uniformity of temperature
guaranteed by hot air in every
point of chamber

HEAT TREATMENT

Preheating
Drying
Curing
Forming
Tempering
Other

Heat treatment

High thermal performance,
energy saving ,
Door opening manual left o right
Range temperature 50° - 600 °
Controlled by thermoregulator
Gas plants with valves, actuators, pressure
switches
Heat resistant fan
or
Electrical Supply
Controlled by multisteps PLC
thermoregulator with SCR Unit
High performance resistors with long
operatonal life

CE certificate

LOW TEMPERATURE Electrical

Gas and electrical

Low Temp Ovens ,Dryers, stoves - 400°C

Mod.	Internal dimensions (mm)			External dimensions (mm)			Volt V	If gas supplied	
	Width	Height	Depth	Width	Height	Depth		Thermal Power Kw	Power Kw
MGTT 25	250	250	350	790	1650	910	400		2
MGTT 30	300	400	300	790	1650	1010	400		3
MGTT 40	300	300	400	790	1650	1010	400		4
MGTT 50	400	400	500	890	1650	1110	400		4
MGTT 55	350	450	550	840	1700	1160	400		5
MGTT 60	500	400	600	990	1700	1210	400		5
MGTT 70	700	500	700	1190	1800	1310	400		5
MGTT 111	1000	1200	1000	1800	2500	2000	400	180	60
MGTT 112	1000	2000	1000	1800	3200	1800	400	200	70
MGTT 1215	1000	2000	1500	1800	3200	2300	400	200	80
MGTT 221	2000	2000	1000	1800	2500	2000	400	300	90
MGTT 222	2000	2000	2000	3000	3200	3500	400	300	100
MGTT223	2000	2000	3000	3000	3200	3400	400	400	120

Other dimensions, shapes can be made by request.

LOW TEMPERATURE Belt conveyor ovens

HEAT TREATMENT

Preheating
Drying
Curing
Forming
Tempering
Other

Conveyor ovens

High thermal performance,
energy saving ,

Belt speed regulated by inverter

Controlled by thermoregulator,

Gas plants with valves, actuators, pressure switches

Heat resistant fan

or

Electrical Supply

Controlled by multisteps PLC thermoregulator with SCR Unit

High performance resistors with long operational life

CE certificate

Belt conveyor ovens

Belt conveyor oven

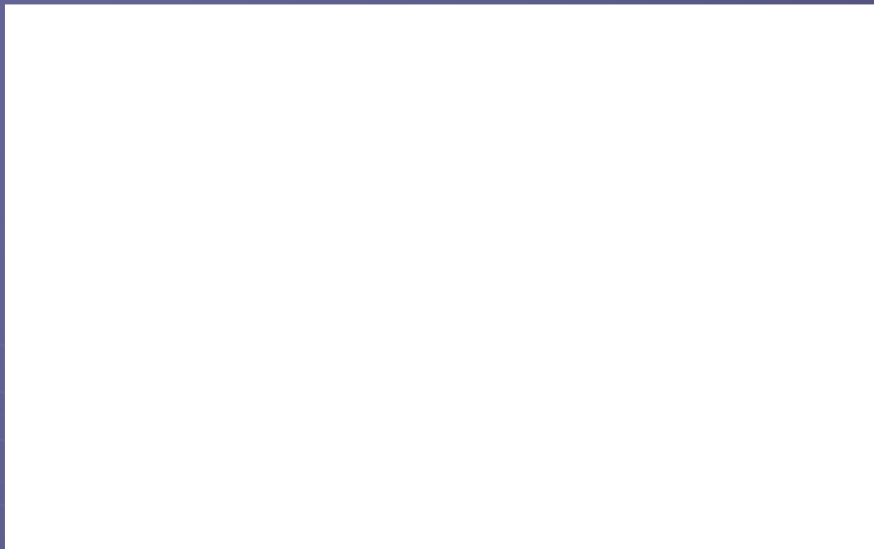

Infrared heaters for fast-drying.
Infrared for low energy consume
Belt speed regulated by inverter
Energy regulated by SCR unit
CE certificate

Pre heating, stress relieving ,drying

Every dimensions, shapes can be made by request.
